DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 2-7 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claims 2-7 are rejected under 35 U.S.C. 102(a) as being anticipated by Lee et al.

Lee et al. disclose a spindle motor including a stator component, a rotor component, including a hub for supporting one or more discs, and a bearing assembly between the components, formed of a thrust bearing (142a) is adapted to function in bi-directional manner and includes an annular member projection radially from one of the component into associated recess (150a) formed in the other of the components, the annular member has two opposed bearing faces

and surfaces arranged in the recess and a hydrodynamic bearing is formed between the faces and the surfaces.

Regarding the limitations of claims 4-5, and 7, the liquid retained in the recess by seals disclosed by Lee et al. and the thrust bearing passageway having a port opening (160a) adjacent to the thrust bearing.

Regarding claim 6, the shaft is fixed to relative to the stator and the sleeve forms part of the rotor.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
